

DEMobilization OF U.S. ARMY IN 6 MONTHS POSSIBLE

Under Plans Worked Out By the War Department

WASHINGTON, Jan. 27.—Return home and demobilization within six months of all the remaining 1,800,000 troops overseas is possible under plans worked out by the war department and laid before the senate military affairs committee today by General March, chief of staff. Should the president decide upon a force of approximately ten divisions as an army of occupation, General March said the task could be completed in less time.

General March announced that the plan of the war department contemplates the demobilization within thirty days of every one of the 785,000 men in the home training camps, except a small number retained for "overhead duty."

Return of the troops in France, involving the transportation to this country of 300,000 men monthly, would be possible, General March said, by the use in addition to American tonnage of ships allotted by the allies and the German passenger tonnage to be placed in service soon.

General March indicated that the return of a number of the veteran divisions must not be expected soon. He told the committee General Pershing and the war department had agreed that the army of occupation should be composed of experienced divisions so they would not unduly excite the Germans and would be "able to run over them if necessary."

The length of the period during which an army of occupation must be maintained, war department officials have said, depends entirely on decisions reached by the associated governments at the peace conference and upon conditions in Germany.

785,000 Men in Home Camps

There are still about 785,000 men in camps in the United States and all will be demobilized within a month from today except those retained for "overhead duty," General March added. Up to noon last Saturday, he said 104,000 men had arrived from overseas.

How many Americans will be held abroad in the army of occupation is to be determined by President Wilson. General March stated but more Americans already have been designated for return home than originally proposed by Marshal Foch. He indicated that ten divisions had been suggested as America's contribution to the army of occupation.

Disposing of the demobilization plans generally, with the committee General March said retention of an American standing army of 500,000 was proposed.

"We don't ever expect to reduce below 500,000—if we can help it," he said.

Tonnage sufficient to transport 200,000 men monthly will be available, he explained, through ships allotted by the allies combined with German passenger tonnage, and the arrangements are practically completed.

With about 1,800,000 Americans still overseas the chief of staff said a shipping capacity of 300,000 monthly should make it possible to return and demobilize all within six months.

"If the president agrees to leave ten divisions or whatever number in the army of occupation," he said, "we can make it in less time. From the beginning Gen. Pershing was instructed to return men as fast as shipping was available."

Speaking of the 785,000 men still in camps at home, General March said:

"Every single man will be out of camp within one month from today except those retained for 'overhead duty.'"

Several senators said they had received many complaints because divisions which had seen long service overseas apparently were to be the last sent home.

This policy General March said was strictly in accordance with military plans to hold experienced men in the army of occupation, adding: "It will keep men who will not unduly excite the Germans—or able to turn over on them if necessary."

FLLOUR MILL CLOSES DOWN

Minneapolis, Jan. 27.—The entire Pillsbury Flour Milling system was shut down today, for the first time in many months.

"We have made more flour than we could sell, so we shut down for a day," said C. A. Loring, president of the company. He declared that the government has not bought flour for six weeks.

DISPERSING BRITISH

GRAND FLEET

London, Jan. 27.—The British grand fleet is being dispersed, Admiral Sir David Beatty, its commander, announced Saturday on receiving the freedom of the city of Edinburgh.

Armour Insists On Regulation of Meat Industry

WASHINGTON, Jan. 27.—J. Orden Armour, president of Armour & Co., told the senate agricultural committee today at the conclusion of his testimony that he and his counsel were drafting legislation for the regulation of the meat packing industry which he expected to submit as a substitute for similar bills now before congress.

Before being presented the legislation will be submitted to the other big packing firms and the independents for their approval. Mr. Armour said. He added that he believed the plan which he had in mind would satisfy both the producer and the consumer and remove antagonism to the packers, which he admitted, existed to be general.

Mr. Armour reiterated that his opposition to control by the government or the railroads of refrigerators and livestock cars and stock yards was predicated solely on his fear that they could not be operated as efficiently as they are now. He said he believed private ownership of branch houses was absolutely necessary but declared government-operated branch houses for the small packers would not be opposed by the large companies.

Morris Takes Stand

While Mr. Armour was finishing his testimony before the senate Edward S. Morris of Chicago, president of Morris & Co., appeared before the house interstate commerce committee. Mr. Morris had a prepared statement of 134 pages, but at the suggestion of the committee he read only part of it. The entire statement, however, was admitted to the record of the hearing.

Mr. Morris told the committee he had no objection to government ownership of the meat industry provided his company was reimbursed for its property and investments. He said he would object, however, if payment was postponed as "the industry would soon be in such a chaotic condition that a proper settlement would be impossible."

"Unless congress wants to have another industry in the situation where the railroads are now," the witness said, "it should leave the meat industry alone. Government regulation might cause the ultimate ruin of the industry as well as resulting in a great increase in the cost of living."

No Monopoly

Mr. Morris declared that there was no monopoly of the meat industry. Mr. Morris said the best proof that no combination existed in the industry was that prices of livestock had more than doubled in four years. The witness charged that the purpose of the market committee of the national livestock association "which he said was behind the investigation of the federal trade commission was to obtain higher prices for livestock which would mean higher costs to the consumer. He suggested it might be advisable for congress to investigate the uses to which the committee had put the fund of \$150,000 which he said it received annually from the association. He asserted that he did not mean to intimidate the fund was put to any 'improper purpose' but said its size would make it rather dangerous should it be used to get into the improper channel."

Profits of Morris & Co. for the fiscal year ending Nov. 3, 1918, were only 7.24 per cent on the total capital invested, Mr. Morris said.

FORMER GERMAN KAISER REACHES 60TH MILESTONE

Spends Birthday Anniversary Quietly In Holland Castle

AMERONGEN, Sunday, Jan. 26.—(By The Associated Press.)—The Kaiser, who is now on the offensive with infantry or artillery or both, against four of the seven thin columns of the allies and Russians which have penetrated southward thru the frozen forest swamps of the province of Archangel.

Last night the enemy entered Shenkursk while the tired column of Americans, Russians and British which had evacuated Shenkursk, marched in a detour over the deep snow evading a force of several hundred of the enemy who waited to trap the column in its retreat.

In good spirits, despite long marches in the cold and ten days of hard fighting the Americans and the other troops on the allied front were today at Shegovari, approximately thirty miles north of Shenkursk on the Vaza river. The enemy apparently is sending patrols to follow the retreating troops but up to this morning no new attacks had been made on this sector.

CIRCUS PERFORMANCE FOR AMERICANS

WITH THE AMERICAN ARMY OF OCCUPATION, Sunday, Jan. 26.—(By The Associated Press.)—In the Coblenz newspapers today the burgomaster appeals to the self-respect of the Germans to refrain from commercializing iron crosses and other German decorations of war.

The American intelligence officers have discovered several instances where shopkeepers near Coblenz sold iron cross watch fobs with a miniature flag pinned to the ribbons. This fact resulted in the arrest of several Germans who were sentenced to jail. The burgomaster of both Trier and Coblenz notify the civilian in today's newspaper that the use of the American colors for commercial purposes must cease. They warn the Germans that if there is an infraction of American orders in this respect they will suffer the consequences.

The Americans in the occupied zone are to be given an opportunity to see Hagenback's Trained Animals which have been reduced from 800 to 100. Camels and many other animals have been killed since the war began owing to the scarcity of food. Fifteen elephants of a herd of 30 remain. Fifteen of the elephants were killed last winter and the meat was sold to civilians in the interior of Germany where the circus was exhibiting.

Carl Hagenback is with the circus. The first performance will be given Feb. 1.

WOULD GIVE OFFICERS RESERVE COMMISSION

WASHINGTON, Jan. 27.—To make it possible to offer every officer who has served in the war a reserve commission in the grade for which he has been found qualified, Secretary Baker today said he would ask congress for legislation amending the existing law limiting rank in the reserve corps. Since the armistice, he explained, there had been a surplus of officers in every grade.

"To increase the surplus by further appointment therefore would have been unjustifiable," the letter stated, and such appointment were therefore discontinued.

RICHLY CLAD YOUNG WOMAN'S BODY FOUND

TENAFLY, N. J., Jan. 27.—The authorities investigating the discovery of a richly clad young woman's body on the ledge of the Palisades near Tenafly, yesterday announced this afternoon after listening to the story told by a taxicab driver, that the suspected woman as yet unidentified, was murdered. The driver, George White of Englewood, said that while in his machine along a road near Lemoist at 2 a. m. about six weeks ago, he was stopped by a tall man who asked him to assist in lifting a woman into the stranger's car, the stranger saying the woman had just been struck by an automobile. White said the two placed the woman in the car and that the stranger drove off with her in the direction of the place where the body was found.

ADMIRAL CHADWICK DEAD

New York, Jan. 27.—Rear Admiral French Ensor Chadwick, U. S. N., retired, who was chief of staff of Admiral Sampson during the Spanish-American war, died today at his winter home here. He had been ailing for more than a year, and about a week ago was removed here from his summer home at Newport, R. I. Pneumonia set in and he was seriously ill for several days before his death. Mrs. Chadwick was at his bedside at the time.

MANY KILLED

Managua, Jan. 27.—Many people were killed and injured in a railroad accident Sunday near Masaya, Nicaragua. The train was caused by spreading rails and the explosion of the locomotive boiler.

TRAINING TRIP OF REDS

Cincinnati, O., Jan. 27.—The Cincinnati Reds will train either at Waxahatchie or Dallas, Texas, President Herrmann announced tonight. The team will start for the southern training ground about March 25, returning home to play the Detroit Americans on April 17 and 18. The Chicago White Sox will play here April 19 and 20.

ALLIED TROOPS Leaders Efforts To Hold Night Session Fails

WASHINGTON, Jan. 27.—Efforts of leaders to hold the house in session tonight with a view to speeding up work on appropriation bills met with only partial success. House leaders had planned to devote three hours tonight to general debate on the annual agricultural appropriation bill, carrying \$31,000,000, but after less than two hours, Representative Lever of South Carolina in charge of the measure, moved adjournment because of lack of speakers on the bill.

Representative Garrett of Tennessee, Democrat, opposed the adjournment, protesting that it would delay passage of the bill but he was voted down by the other thirteen members present.

Before resuming work on the agricultural measure the house tomorrow will consider the bill returning more than seven billions of dollars of unused war appropriations of a like amount.

The chairman of the house appropriations committee, also plans to present the conference report on the famine fund bill tomorrow and press its adoption.

With the disposal of these two matters work will be resumed on the agriculture bill. Discussion tonight was centered in the maintenance of the government guaranteed price for the 1913 wheat crop. No opposition to the government carrying out the guarantee was voiced but doubt was expressed as to the best means of accomplishing it.

Speakers admitted that the government probably would lose money in paying the guaranteed price of \$2.20 a bushel.

Before taking up the agricultural bill, the house passed and sent to the senate a bill appropriating \$10,500,000 for hospital facilities for treating disabled soldiers and sailors.

SMALL POWERS Battle Field Of France Visited By President

AGREE TO PLANS OF GREAT POWERS Largely Due to Skilful Direction of French Delegate

PARIS, Jan. 27.—The peace conference today made a distinct gain when the nineteen small powers gave full adherence to the organization formulated by the five great and small powers at the outset of the work on the main subjects before the members of the commission.

This was largely due to the skilful direction of Jules Cambon, French delegate and former ambassador at Washington who was designated by the council of the great powers to preside over the meeting of the small powers, held this afternoon. This meeting convened at the foreign office at three o'clock at the same time the council of the great powers met the two separate gatherings proceeding simultaneously one in the office of M. Pichon, the foreign minister and the other in the Salle de la Paix.

For a time there was some apprehension of the sequel to the different viewpoints expressed at Saturday's conference, but today's meeting of the small powers was without incident or renewal of the claims then set up for increased representation on the various committees. Belgium, Serbia, Roumania and all the other small powers had their full delegations at the afternoon meeting.

ALLUDES TO BELGIUM'S PART

Mr. Cambon in opening the meeting took occasion to allude to the great part Belgium had taken in the war. He then paid a tribute to the part played by Serbia, Roumania, Greece and the others. This dissipated any lingering shadows of disagreement and the meeting proceeded with entire harmony to designate the membership of the small powers on the commission.

In the meantime the council of the great powers held two sessions during the day resulting in the formation of two new commissions to deal with final subjects and the question of private and maritime laws. While the official communiques give no indication of the nature of "the question of maritime law" it would seem to be a term embracing President Wilson's second point of freedom of the seas. The subject proceeded to hearings on the disposition of the conquered German colonies in the Pacific and the Far East, a final conclusion not being reached. The conference is given evidence of real progress since the committees were named and most of these bodies began to initiate their work today.

BUSY WITH NATION'S LEAGUE

President Wilson, who is chairman of the committee on the league of nations joined his colleague, Colonel House, also a member of that committee during the noon recess of the council. Later in the day Lord Robert Cecil, British member of the committee joined him in a further consideration of the questions which the president and Colonel House had examined.

The labor commission also began to get underway. President Wilson met Samuel Gompers, president of the American Federation of Labor, James Duncan, John R. Alpine and other members of the American labor delegation for a brief exchange of greetings, and later Mr. Gompers and Edward N. Hurley, who are the American members of the labor commission held their first conference on the work ahead.

SEVEN MEMBERS OF CREW LOST

NEW YORK, Jan. 27.—Information that seven men of the crew of ten of the American oil schooner, Augustus H. Babcock were lost when fire consumed the vessel at sea last week was conveyed to the shipping commissioner here today by Sinclair Wilson, one of the survivors. Wilson on his arrival said that the other two saved were in a Philadelphia hospital convalescing from injuries received when a barrel of gasoline exploded when the ship was 200 miles off Bermuda on a voyage from New York to Las Palmas, Canary Island. Captain J. E. Rawling was killed while carrying a pipe line aft from the forecastle deck Wilson said, and his body was blown into the sea. Six of the crew were burned to death or jumped overboard. At that time, on the evening of January 21, the crew had for two days been fighting the flames. The three survivors reached Philadelphia Saturday on a Chinese cargo ship.

WILL URGE BRINGING HOME TROOPS FROM RUSSIA

Washington, Jan. 27.—Senator Johnson of California, announced today that he would call up and discuss in the senate Wednesday his resolution calling on this government to withdraw American troops from Russia. The resolution is now pending before the foreign relations committee which plans to act Wednesday prior to the convening of the senate.

Leaders in Congress Expect Measure To Be Passed

WASHINGTON, Jan. 27.—A basis for complete agreement on the war revenue bill was reached today by the senate and house conferees. Senator Simmons, chairman of the senate managers announced that virtually all important questions remaining in dispute including the war excess profits rates had been agreed upon and that all possibility of a deadlock and failure of the bill had passed.

Announced of the conferees' agreement of the war revenue bill, the basic disputes were deferred. It was said it would be made a matter of course to be agreed to by the conferees on Wednesday or Thursday when a reprint of the bill was finally agreed to will be completed. The conferees report is expected to be presented to the senate and house late this week and the conferees hope it will be adopted by both bodies next week and the bill sent to President Wilson at Paris for his approval.

The basis of agreement on the measure was upon three bitterly contested questions—war excess profits taxes this year, the senate allowances to oil and gas interests and the senate amendment to repeal the existing zone system of second class mail rates. It was earned that in harmonizing differences on these basic disputes, the conferees agreed to an increase of the senate war excess profits rates, adopted the oil provision substantially as provided by the senate and eliminated the second class mail amendment.

Agree in War Profits

The agreement on war excess profits rates for 1919, it was stated, provided for retention of the senate rate of 30 per cent on corporations net income in excess of 20 per cent and not in excess of 20 per cent of invested capital for increase from sixty to sixty-five per cent on income in excess of 20 per cent and for retention of the 80 per cent tax on war profits. The higher rates were strongly urged by Representative Kitchen and others of the house managers. The senate conferees were reported to have won their fight for provision for a tax exemption of 20 per cent on bona fide sales of oil and gas wells and mines. Elimination of the second class postage amendments had been generally expected. The proposal has been bitterly opposed by Representative Kitchen and other of the house conferees. It provided for repeal of the present zone rates on second class mail based on the proportion of news and advertising and for substitution of a new zone plan of one and one-half cents a pound beyond that radius. The present rates have been vigorously attacked by publishers as unjust and in some cases confiscatory.

Agreement on other provisions of the bill still left open was regarded as certain. Among these are the amendment to prevent importation of intoxicating liquor in District of Columbia for beverage purposes the amendment of Senator Thomas of Colorado levying a tax of 100 per cent on political campaign contributions in excess of \$500 and that of Senator Tamm of Florida, to allow a bonus of 150 per cent of the pay and allowances of men discharged from the military service. Conferees said the bone dry amendment would be retained, but the fate of the others was in doubt.

Leaders in Congress Expect Measure To Be Passed

Expect Measure To Be Passed

WASHINGTON, Jan. 27.—A basis for complete agreement on the war revenue bill was reached today by the senate and house conferees. Senator Simmons, chairman of the senate managers announced that virtually all important questions remaining in dispute including the war excess profits rates had been agreed upon and that all possibility of a deadlock and failure of the bill had passed.

MEMORIAL FOR COL. ROOSEVELT.

In a bulletin to the State Council of Defense, the Council of National Defense calls upon every community of the state to do honor to the memory of Theodore Roosevelt on Sunday, February 9. There will be a special memorial service in congress upon that day, and the National Council asks that it be observed everywhere. In asking for this service the National Council says:

"The honoring of Theodore Roosevelt is a matter that trans-

cends party belief and personal prejudice. He lived greatly for America, and that is enough to justify even those who opposed him. In mourning his death, with iron courage he performed a major operation on the public morals of his country at a time when public ethics had become dulled, and with daring and untiring dignity he measurably increased the prestige of America abroad. Of no American can it be more truthfully said that his heart was incarnated with the flag. For these things alone all Americans who have lived in his time should hold themselves in his debt, and should turn aside on the ninth day of February to honor his passing from the national stage."

ENCOURAGE BUILDING.

A great deal of building activity is promised this year because of definite reductions already made in some commodities. The owner of one enterprise that last year deferred building, said yesterday that he had already been offered a boiler at 25 per cent less than the price twelve months since. Building activity will help out a great deal during the reconstruction period.

MIGHT REDUCE PRICES.

It may be that the suggestion of the highway department that good roads plans be deferred on account of high price of materials, will bring lower price levels for these materials. With cement selling at twice its customary price and other materials at similar prices, it is no wonder that the original figures for highway improvement costs are not adequate. There is a possibility too, that the department recommendation was made for the very purpose of bettering market conditions. Manufacturers of materials may see the handwriting on the wall.

ANOTHER LINCOLN MEMORIAL.

A bill will be introduced in the Illinois legislature to make the site of New Salem in Menard county, the home of Abraham Lincoln from 1831 to 1837, a state park. Under the proposed bill the department of public welfare would have the funds and authority for erecting a building on the grounds to house Lincoln relics. Incidentally the bill if it becomes a law, will settle the financial troubles of the Old Salem chautauqua association.

ASSEMBLY PROSPECTS.

The Illinois general assembly will meet today and from all indications will get down to work at once. No time was lost this

year in the selection of the speaker and Mr. Shanahan is said to have nearly all his committee organized. The last general assembly made a fine record for business efficiency and the assembly this year promises to be equal that good showing. Many important measures are on the calendar several having to do with the reconstruction period, for which the state is better prepared than is true of most of the states in the union. Tax questions are among the most important to be considered and they have their distinct relationship to reconstruction problems.

GREAT POSSIBILITIES.

The Illinois Agricultural association, representing about fifty county farm bureaus, has chosen a secretary to represent agricultural interests at Washington. He will sit at the same table with representatives of labor and capital. If this organization is made the nucleus of a great union of farmers, one which includes a majority of them, an organization would be formed even more powerful than the American Federation of Labor. One can only dream of the strength of a union controlling the production of the foodstuffs in these United States.

THE RED CROSS NEED.

The Red Cross drive for memberships begins today in Morgan county with the campaign plan of finishing the work in three days' time. Gen. Pershing's official report just made public shows that on January 9 there were 105,743 men of the American army in hospitals in France and England. These figures alone—to say nothing of other lines of work—impress one with Red Cross needs. The money that you pay for Red Cross membership will go for this great work. Loyalty demands that your name appear on the membership roll.

SOME WISDOM OF WILLIAM MCKINLEY'S.

Tomorrow will be the seventy-fifth birthday anniversary of William McKinley, martyr president of the United States, one of the best loved of all Americans. Some of his words spoken many years ago now come to mind with a new force and meaning:

"It is not within the power of man to foretell the future and to solve unerringly its problems. Almighty God has His plans and methods for human progress, and not infrequently they are shrouded for the time being in impenetrable mystery. Looking backward we can see how the hard of destiny builded for us and assigned us tasks whose full meaning was not apprehended even by the wisest statesmen."

"Patriotism must be faithful as well as fervent; statesmanship wise as well as fearless; statesmanship which will command not the applause of the hour, but the approving judgment of posterity. There must be a constant movement toward a higher and nobler civilization that shall make its conquests without resort to war and achieve its greatest victories pursuing the art of peace."

"But grave problems come into the life of a nation, however much men may seek to avoid them. They come, without seeking, why, we do not know; but the generation on which they are forced cannot avoid the responsibility of honesty striving for their solution. We may not know how to solve them, but we can make an honest effort to that end, and if made in conscience, justice, and honor it will not be in vain."

HONEST POVERTY
It is unpleasant to be poor when cold winds sweep across the moor, fresh from the arctic pole; and honest poverty looks stark when it involves the lack of kale to buy a ton of coal. On summer days we sit around the drugstore or the village pound, and jeer at heaped up wealth; why should a person lust for gold, for bonds and stocks and gems untold, if he has strength and health? We do not envy any gent who is beneath the burden bent that rich men always bear; while we have roofs

above our heads, and frugal meals and truckle beds, for wealth we do not care. Oh, thus we spiel when days are warm, and there's no symptom of a storm, we hand out just such rot; we think we mean the things we say, we shoo the plutocrat away, and boost our humble lot. But when the snow whirls by like smoke it's blamed unpleasant to be broke—it jars the honest soul to eat the last remaining prule, and feed the furnace with a spoon, a husbanding the coal. Oh, then one longs for precious stones and diadems and silver bones, and bullion bars that clank; one winds the clock and fires the cat and yearns to be a plutocrat with plunder in the bank.

FUNERALS

WITH THE SICK

Mrs. H. A. Littler, Mrs. Susan Alice Littler and Yates Potter who have been flu sufferers, are improving in a satisfactory manner at the Littler home, 1221 Park Place.

I Jones, son of Mrs. W. S. Jones, who has been very ill from influenza, is now improving.

Mrs. A. M. Masters has gone to Indianapolis, Ind., where she will spend some weeks in a hospital. Mr. Masters accompanied her to Indianapolis.

Miss Margaret Finney of Bluffs was in the city Monday to visit her grandmother, Mrs. Gamble, at Passavant hospital.

DISCHARGED FROM SERVICE.
Lieut. Albert R. Swain, who was recently discharged from the army service, has returned to the home of his parents, Mr. and Mrs. Amos Swain, of the Sinclair neighborhood. Lieut. Swain was in the ordnance branch of the service and was stationed for a number of months at Ft. Hancock, Ga., where he recently received his commission.

COUNCIL TO HAVE PAVING HEARING

Plans for Asphalt on East and West College Avenue—Quarantine Officer is Appointed.

At the session of the city council Monday morning a resolution was passed calling for a hearing on the paving of East and West College Avenues. It is proposed to use asphalt in paving these streets and the engineers estimate of the cost is \$80,800. The hearing will be held on Monday, Feb. 10th at 3 p. m. A petition was presented from the Jacksonville Farm Supply Co. asking authority for the erection of a shed or wooding awning on the lot at the northwest corner of Court and West street. This is inside the fire limits but as in the opinion of the council the structure will not come within the intention of the ordinance which requires metal roof, the petition was granted. There are to be no sides to this shed and it will be simply a roof supported by columns.

Mr. Widmayer said he was preparing the ordinance for the primary election and any of the members of the council who had suggestions for clerks or judges should leave the names in his office. He said there would be no money available for paying the election workers and no meals would be served at city expense, so that there might be some difficulty in securing judges and clerks.

Quarantine Officer Named

Commissioner Martin stated that the services of Mr. Haley, quarantine officer, had been so helpful in connection with the flu situation that he desired to have him formally appointed at a salary of \$85. This suggestion was concurred in by Mayor Rodgers. Mr. Haley said the Red Cross Committee had agreed to make it possible for this officer to secure the pay during the next few months or as long as the situation makes his services necessary. Mr. Martin also reported that there are a considerable number of cases of influenza in the city, but that they are not of as severe a type as heretofore and that there are said to be no persons who are critically ill.

Mayor Rodgers brought to attention two properties on West College avenue where the public improvement assessments have not been released for the payment which was made more than thirty years ago. One of these properties is that of Dr. Baxter and the other of S. W. Ingalls. As both properties are now being sold, it is desired to clear the record.

At the suggestion of Mr. Widmayer before taking this action it was decided to ask the opinion of the city attorney as to the proper action to take.

Mr. White reported a request from Manager Harold Johnson of the Rialto to build a porch in front of the theatre. It was Mr. White's opinion that this request should not be granted as an ordinance directly prohibits such structures and the city has been taking continuous action thru several years to get rid of porches or wooden awnings in front of buildings in the business district. There are several remaining but they were built before the ordinance was passed.

Gas Plant Relief Promised

E. H. Gray, superintendent of the Jacksonville Railway & Light Co., was present and made a statement with reference to the annoyance which comes from exhaust steam on South Main street. He said that it was the intention of the company to install a new unit which would entirely do away with the piping now causing the trouble complained of. Definite decision in this matter was expected in two or three weeks. Mr. Gray said that if a new unit was not installed he had another plan to remedy the trouble. Mayor Rodgers suggested that some temporary arrangement should be made, even tho a new unit were to be installed, for that would be a matter of many months.

The ordinance calling a public hearing for the East and West College avenue was then read and adopted. This provides for an asphalt pavement to run from the city limits on the west to the east line of Hardin avenue.

NOTICE

Dr. J. A. Day will not be in his Jacksonville offices Wednesday, as he is prevented from coming to the city this week.

MRS. READ'S WORK IS APPRECIATED

California papers speak in praise of Mrs. Helen Brown Read, who is spending the winter in Los Angeles. Mrs. Read has appeared on a number of public programs and press notices have been very complimentary. The solist has a number of engagements ahead, one of the most important being the series in which she is to appear with the Los Angeles symphony orchestra. One of the Los Angeles papers in commenting upon Mrs. Read's work said:

"Helen Brown Read was the guest solist and made a most favorable impression with a voice of culture and extreme beauty of timbre which needs no forcing to carry to the remotest listener, word and meaning. Her singing of Gluck's great 'Alceste' aria was commendable and no less artistic her interpretation of Mrs. M. Henson Robinson's new vocal cameo, 'Illustriousness' the poem by our own Beatrice Hubble Plummer. This song is melodious and hauntingly ornate in accompaniment."

A Stubbhorn Cough Loosens Right Up

This Home-Made Remedy is a Wonder for Quick Results. Easily and Cheaply Made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is a cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of suga syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

The New Spring Woolens Are Arriving

The new Spring Woolens, for men's and women's suits, are arriving daily and we believe that it will pay those persons who want something just a little different and a little finer, to call and make selections now—at least, to come in to see if the pattern you want has come in.

We are advised by manufacturers and jobbers that patterns will be limited and that it will be impossible to duplicate any of the numbers—in short, it will not be possible yet to get just exactly, perhaps, the pattern that you have in mind.

We shall be glad to show you the new patterns as they arrive, and to discuss with you the new spring garments that you may be contemplating.

Our Mr. Green will leave next Saturday night for New York and those ladies who may wish to consult with him before his departure are invited to call now.

DEFECTIVE WIRING CAUSES SMALL BLAZE

Monday night about 10:15 o'clock the fire department responded to an alarm from the garage and repair shop of John S. Green, 214 North Main street.

Defective wiring had started a fire in the electric switchboard. It was seen from the street by a passerby who sent in the alarm.

The blaze was extinguished by the chemical with but small damage. No damage whatever was done to the building all of it being confined to the switchboard and wires. The loss is fully covered by insurance.

WHY AVERY TRACTORS LEAD

The Avery Tractor is different from other tractors. It has a perfected opposed motion with renewable inner cylinder walls, gasifiers that turn kerosene into gas, and ad- dle crankshaft boxes. It has a round radiator, with no fan, belts, pump chains, or such parts. It has a patented sliding frame which makes possible the simplest and efficient belt and drawbar transmission system built. That is why the Avery de- has proved so successful. That is why there are Avery tractors which have been in the hands of owners for many years and are still good for many more years of work. The words "Avery Tractors" and "Motor Farming Success" mean the thing. You should investigate what motor farming with Avery Tractors can do for you. Come in and let us talk about the matter and look over the sample tractors on our display floor.

DEATHS

Berndt.
John H. Berndt died at his home five and one half miles south of Waverly Saturday, January 25. Deceased was born December 17, 1858.
He is survived by his parents and five sisters and one brother, Louise, Anna, Clara, Lena, Dara, Leonard. He was a good Christian young man and respected by all who knew him.
Funeral services were conducted by Rev. Mr. Mitchell, pastor of Waverly M. E. church Sunday.

HOUSEWORK IS A BURDEN

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Jacksonville women. Read what Mrs. A. Long of 900 Beesley Ave., Jacksonville, says: "Doan's Kidney Pills are the best kidney remedy I have ever used and I have recommended them to many people. I took Doan's Kidney Pills for lameness across my back which was so bad I could hardly get through with my housework. My kidneys weren't acting right either. I was advised to use Doan's Kidney Pills and I got some at a local drug store. They soon relieved my lameness and I haven't noticed any symptoms of that trouble since."

Doan's Kidney Pills don't cause any of the kidney ailments. They are the same that Dr. J. C. Doan, of Buffalo, N. Y., has used.

MONEY-SAVERS FOR ALL

These Durable Soles Cut Shoe Bills Down

"For use around cement plants and similar places where rough materials grind down soles quickly, I recommend Neolin Soles. They resist wear surprisingly. After working around the clinker department long enough to wear out two pairs of ordinary soles, my Neolin Soles are still as good as new," writes A. F. Miller, superintendent of The Peninsular Portland Cement Company plant in Jacksonville, Fla. It is remarkable how tough and durable Neolin Soles are. They are made of a soft, comfortable and waterproof, too. They come on new shoes in many styles for men, women, and children, and are available everywhere for re-sooling. Wear them, and cut your shoe bills down.

Neolin Soles are made by The Good Year Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

Where Can I Find Relief from Itching, Terrifying Eczema?

This Question is Ever on the Lips of the Afflicted

Eczema, tetter, erysipelas, and other terrifying conditions of the skin, are deep-seated blood diseases, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach. You have the experience of others who have suffered as you have to guide you to a prompt riddance of blood and skin diseases. No matter how terrifying the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble and forever rout from the blood every trace of the disease, just as it has for others who have suffered as you have. This grand blood remedy has been used for more than fifty years, and you have only to give it a fair trial to be restored to perfect health.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may need, absolutely without cost. Write today describing your case to Medical Department, Swift Specific Laboratory, Atlanta, Ga.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Worms; it is a powerful, yet gentle, laxative, and it regulates the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

TAKE UP TROOPS ON WESTERN FRONT

PARIS, Jan. 27.—The committee appointed by the supreme council to consider how many allied and American troops shall be kept on the western front held a meeting today and received reports concerning the situation on the Rhine and in Germany.

Progress, it is reported, was made in clearing up the situation but much remains to be done before the supreme council concerning the exact number of soldiers of each nationality required for garrison purposes in Germany and the maintenance of the frontier against any possible contingency. It is learned that the determination of the American war department to return the American troops now in Europe to their homes will not be affected by any decision reached by the committee.

There will be no departure from the plan arranged for the return of the troops, allowance having been made in advance for the retention in Germany and Russia of all American soldiers regarded as forming a fair quota for the United States.

STREET FIGHTS NUMEROUS

Barcelona, Spain, Jan. 27.—The situation in Barcelona is becoming disquieting and numerous street fights occur daily especially at night between Catalinists and followers of Count Romanones, the Spanish premier. Several persons have been wounded in these clashes. It was reported today that two were killed in a clash last night, but the minister of the interior issued an official denial.

ADDING IN UNEMPLOYED

Paris, Jan. 27.—American naval authorities here are doing everything possible to avoid adding to the number of unemployed in the United States by retaining in the service every able bodied sailor or who can be induced to remain. Instructions have been given to discharge no man who does not desire to leave and who has no prospect of employment.

FAVOR UNION WITH SWITZERLAND

Geneva, Switzerland, Jan. 27.—A plebiscite in the former Austrian districts of Vorarlberg and Tyrol, which adjoin Switzerland on the east shows that sixty percent of the citizens favor a union with Switzerland. It is understood, however, that the Swiss confederation is not anxious to add another canton, especially Austrian, and is likely to refuse the request.

WOULD INVESTIGATE WIRES

Washington, Jan. 27.—Investigation of government control of telegraph, telephone and cable wires was proposed in a resolution introduced today by Senator Watson of Indiana, Republican and referred, without debate, on the senate post office committee, which would be directed to conduct the inquiry.

WANT INFORMATION ON COURT MARTIALS

Washington, Jan. 27.—Complete information from the war department regarding court martial proceedings during the war is called for in a resolution by Senator Borah of Idaho, adopted today by the senate.

OBJECTORS RELEASED

Leavenworth, Kans., Jan. 27.—The release of 113 conscientious objectors, honorably discharged from the service by war department orders was begun at the disciplinary barracks at Fort Leavenworth this morning. Two, however, refused to leave, saying it was against their religious scruples.

REMEMBERS \$1,000 DEPOSIT AFTER 20 YRS.

BURLINGTON, Ia., Jan. 27.—James Bryant, aged 75, a horse trader, arrested here last Saturday for horse theft, remembered while in jail that 20 years ago he had deposited \$1,000 in a local bank. An officer accompanied Bryant to the bank, where he found his account intact with snug interest accumulated. Bryant says he is afflicted with lapses of memory and says he does not recall stealing the horse, which was taken from a Muscatine horse stable. Bryant's friends believe his story.

PARIS, Jan. 27.—The committee of the great powers heard the Chinese minister of foreign affairs today on colonial questions in which China is interested. China is concerned largely in Kaito-Chow, which was occupied by the Germans until they were disposed by Japan at the outbreak of the war.

AMSTERDAM, Jan. 27.—British forces, according to a report received here today, have advanced from Baku and occupied the trans-Caucasian railway. The report adds that the British also have occupied Petrovsk and Astrakhan at the mouth of the Volga river.

BUENOS AIRES, Jan. 27.—Commenting on the birthday of the former German emperor, one of the afternoon papers says: "The Kaiser's birthday, there are many here who did. Even the German schools were closed teaching homage to the author of the Lusitania crime. Why must Buenos Aires have this blot upon it?"

BREST, Jan. 27.—Vive Admiral Moreau, maritime prefect of Brest today presented the Croix de Guerre to the 371st Regiment, United States Infantry and also to several officers and men of the regiment.

The regiment was cited in an army order for brilliant conduct in the fact of the enemy.

LONDON, Jan. 27.—A Russian government wireless message received here gives military reports dated Jan. 23rd and 24th, according to which there has been considerable fighting on the Russian fronts.

The red forces have occupied a series of villages about fifteen miles west of Shenkursk and captured, after stubborn fighting positions at Padenskaya station, about 85 miles south of Shenkursk.

WILSON WILL VISIT BRUSSELS

Brussels, Sunday, Jan. 26.—President Wilson intends to accept the invitation of King Albert to visit Brussels, it is said in well-defined circles but has not fixed the date for his trip because of the press of business in Paris.

KING PETER SERIOUSLY ILL

Basel, Sunday, Jan. 26.—King Peter of Serbia, who has been ill has suffered a new attack and is said to be in a serious condition according to advices from Laibach.

STRINGENT REGULATIONS

Geneva, Jan. 27.—The Swiss authorities have issued stringent regulations regarding the entrance into Switzerland of Socialists delegates to the conference at Bern. Among others, Friedrich Adler, the Austrian who killed Count Stuergh, the Austrian premier, has been refused admittance, although his passport had been valid.

BREAKS A COLD IN FEW HOURS—TRY IT!

First Dose of Pape's Cold Compound Relieves All Grippe Misery.

Don't stay stuffed up! Quit blowing and snuffling. A dose of "Pape's Cold Compound" taken every 2 hours until 3 doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Adv.

RED CROSS CAMPAIGN BEGINS IN EARNEST

CANVASSING TEAMS WILL BE
ON DUTY TODAY

Dr. Kopperl, Campaign Manager, Hopes to Finish Work in Three Days' Time — Conference of Jacksonville Workers Monday Night with Addresses by M. F. Dunlap, E. E. Crabtree, H. H. Bancroft and Sergeant Wayman

The Red Cross membership campaign is on. The big drive for members starts this morning and it is the expectation of the campaign committee, of which Dr. G. H. Kopperl is manager, to complete the county wide canvass in three days' time. This expectation is not unfounded, because there has been a vast amount of preliminary work and more than 1200 names have already come in to the Red Cross headquarters in the Knollenberg building on the east side of the square. This number does not include more than 400 names enrolled at Franklin, nor the names secured in the canvass which has been in progress in various county precincts.

An Excellent Program

A conference of the Jacksonville workers was held at Central Methodist church Monday evening at 6:30 o'clock. The supper was served and then with Dr. Kopperl presiding, brief addresses were made by M. F. Dunlap, Horace H. Bancroft, E. E. Crabtree and Sergeant Matthew Wayman. A great deal of inspiration and enthusiasm was given to the workers by music furnished by Randall's orchestra and the "community singing" in which Lindley Williamson and Miss Ruth Springer led. Miss Springer sang two solos and Mr. Williamson a solo which were greatly appreciated by the audience. The supper served was of the generous kind and women of the Christian church know no how to serve. Dr. Kopperl on behalf of the committee expressed thanks to the women, who donated their services, making no charge except for the actual cost of the supplies.

Dr. Kopperl said that the campaign had been inaugurated with no fixed goal but that after the opening of Sergt. Wayman's letter he had suggested that 20,000 members was not too many to expect in Morgan county, with its population of 35,000. The speaker emphasized the thought that the campaign for members must be pushed with earnestness. This county is to keep up its record for loyalty. The facts were presented, too, to show that the need for Red Cross activity did not end with the signing of the armistice and that Red Cross services along some lines are even in greater demand than was before the war closed.

Value of United Effort
Mr. Dunlap in his remarks took the opportunity on behalf of the Red Cross society to thank Dr. Kopperl for consenting to serve as chairman. He said that when Dr. Kopperl was asked, that the matter was not taken under advisement but a quick response given. "It is due to that kind of spirit that Morgan county has met with such success in its previous war activities. As the people of this county have measured up time after time with their war responsibility I have been led to think of the wonderful progress this

city and county could make if we could but continue that same community effort. There has been absolute unity of action and it is that very thing that has meant progress and success. "I believe that the American Red Cross is today the greatest organization in the world. It knows no lines of religion or politics and it includes everybody who is loyal and true. I esteem it the greatest honor that could possibly come to me here in this country to be chosen the president of the Red Cross society. Membership in the Red Cross society means a chance for unselfish work. In the work of the Red Cross none have been more self-sacrificing and unselfish than the ladies, and in fact, without them the Red Cross organization here would have amounted to very little."

Clara Barton's Work

Mr. Bancroft said that he always welcomed the opportunity to testify to the great work of the Red Cross organization and that the suggestion of Mr. Dunlap how much women had meant to the Red Cross brought the thought that Clara Barton was the founder of the great philanthropic society. "It is not beyond the bounds of propriety to say that there is no American whose record is more absorbingly interesting than that of Clara Barton, declared by Gen. Nelson A. Miles to be the greatest of humanitarians. Some time ago the Literary Digest offered to her as a woman with a record as great as that of any other of the civil war. And in connection with this great life it is especially interesting to us here in Jacksonville to know that Rev. Percy C. Miller, originally one of our own townsmen, is her own biographer. Clara Barton's work, which began at the time of the civil war, did not end there and it was the influence of her work at the Geneva conference which led the Red Cross organization to take up civilian relief work. So to this 'angel of the battlefield' humanity owes a vast debt. "We wrote of her life she said herself was found in the verse 'Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto Me.'"

The Proper Goal.

Edgar E. Crabtree, district director of the Red Cross organization said there was acknowledged to be some difficulty in a deferred campaign, but he believed the spirit and enthusiasm already shown here would fully offset any apprehensions which might come from the deferred plans. Mr. Crabtree suggested that in some counties 100 per cent of the adult population was taken as a proper goal of Red Cross membership and he did not think this too much

for this county of Morgan, with its excellent war time record. The speaker told an apt story and his remarks, gave evidence of his own fine enthusiasm in the work and his suggestions to the workers were of a kind to indicate the leadership which has made him successful in war time campaigns.

Sergt. Matthew Wayman, known well thruout Morgan county, was presented very briefly by Dr. Kopperl. Those who have heard Sergt. Wayman speak at various times and occasions have always been impressed not only with his earnestness in whatever work he is engaged, but the further fact that he always has something new to say and at that, something well worth while. While Sergt. Wayman said: "There are lines that run something like this: 'Do not falter, do not shrink; think out your work and then go out and do it.' I think a sentiment of this kind may serve you well in this campaign for Red Cross membership. The signing of the armistice by no means put an end to Red Cross needs and people must support this movement—must still stay loyal or lose their own self-respect."

The Need is Great.

"In your soliciting work you will meet with some discouragement for the climax in the war came when Germany surrendered and the armistice was signed, and it is always more difficult to accomplish things and go forward after the climax. It took 18 months to get our U. S. soldiers over here and it will take 18 months to get them all back. The task of policing and cleaning up will last long and the men need the Red Cross encouragement now more than they did during the strenuous days of the conflict. It is easy for enthusiasm to die out. When the first boys came back from overseas a great commotion was given them. The first ship load or two were met by comparatively small committees and I read in a paper yesterday that one ship load of injured heroes were compelled to give a reception for themselves from their own regimental fund."

"In the newspaper business we say that interest is gone in three hours' time. Publish some big news fact in spreading headlines across a front page and the enthusiasm is almost momentary. In three hours' time the public has forgotten about it and is looking for some new sensation. You will remember that there are 81,000 of our American soldiers being discharged and coming home. Every hospital in France and England is filled and there are hundreds already in the hospitals of the U. S. Many of these men are suffering from shell shock. Many of them have weakened minds. It is going to take a vast nursing force and great quantities of supplies to give the men the care they need."

The glamor of life at the front with its inspiration of achievement it going over the top, is past. Men go into such contests without a single thought of the consequences—without caring what might happen to them. Now all that is gone. The wounds are made. And still others are suffering from gas which is contracted in the service and the work of the Red Cross must go steadily on.

The Sins of the Fathers.
"The sins of nations and of peoples are passed on to generations just as surely as are the sins of parents to their children. If you fail to care and provide for these soldiers who have sacrificed so much, you may be sure that the nation, even a hundred years hence, will pay for that neglect. The great struggle for democracy has been won, but neglect. The great struggle for democracy has been won, but democracy must be watched to see that it fulfills its duty and destiny. We have abolished kings and emperors but someone must take on the responsibilities of these kings and emperors and see that those duties are performed. Hundreds and thousands of soldiers lie under the soil in France. Nothing can be done for them but our duty to the living is apparent. And as we meet these duties, as we carry out the principles which the Red Cross typifies, so will we realize the benefits of real democracy and will know something of the genuine brotherhood of mankind."

At the close of Sergt. Wayman's address there was a brief discussion of some campaign plans for work and Dr. Kopperl urged the captains to arrange with their members for certain dates of meeting at the Red Cross headquarters today.

Notes.
Everybody is expected to join the Red Cross society and the expectation will be fully met. People are urged to make voluntary enrollment or if they do not do so, to plan to be ready when the campaign canvassers come, in order to save time of everybody concerned. The people who are on the canvassing teams are busy and are doing this campaign work as a matter of personal sacrifice. So men and women alike are urged to be ready for enrollment.

It was announced by the chairman Monday night that a musical program had been made possible thru the generosity of Mrs. W. P. Duncan.

Sergt. Wayman will speak this morning at the chapel exercises at Illinois Woman's college and at the mass meeting at Alexander tonight.

The allotment of memberships as announced by Dr. Kopperl are as given below. These allotments are not by precincts but according to the different Red Cross chapters.

At the meeting Monday night Alexander was represented by an enthusiastic group of workers. Some other precincts also sent delegations.

Sergeant Wayman made four minute talks at the Majestic, Scott's and the Rialto theatres yesterday afternoon telling Red Cross needs in a very forceful way.

RED CROSS ACTIVITIES.

The Red Cross activities are busy at work and will have a good report to make when their task is done.

Sunday afternoon Sergt. Wayman, T. M. Tomlinson and Doctors Kopperl and Chapman went down to Woodson and held a meeting at which Dr. Miller also spoke.

Over the top business houses reported yesterday were: Lee P. Allcott, druggist; Mullenix & Hamilton, confectioners; George Hartney, harness; Kresgo 5 and 10 cent store; F. J. Andrews Lumber Co.; Jacksonville Auto Exchange; Hall's restaurant; Ayers bank building offices; Mrs. Charles Price, jeweler; E. Schoedsack, dye works; Widdymeyer meat market; J. H. O'Donnell, undertaker; P. J. Shanahan, grocer; Peacock Inn; Hall Brothers implements; Public Library; Smith meat market.

During the afternoon Sergt. Wayman spoke at each of the moving picture theaters.

T. C. PATTON WRITES J. A. LONG.

John A. Long, the east side druggist, has received from T. C. Patton in the medical department of the American Expedition to France a card containing beautiful view of a landscape near Verdun and some interesting information regarding matters in general.

IN NEW YORK HOSPITAL.

Mrs. Vorce Bassett received a telegram yesterday stating that her brother Francis Dummer has returned from overseas service, and is in a N. Y. hospital. Relatives of the soldier had not heard from him for a number of weeks and were naturally worried as to his welfare. The message yesterday therefore brought a measure of relief.

ADDRESSED COMPANY C.

At the regular meeting of Company C last night at the Armory Sergeant Wayman was present by invitation and made a brief address. He was heard with great pleasure by the men just as was true on a former occasion.

James Green has returned to his home in Dicksstadt, Mo., after a visit with his sister, Mrs. Lett Hobbs, of State Hospital, who has been ill for several days with pneumonia. Mrs. Hobbs is greatly improved.

STATE LEGISLATURE CONVENES TODAY

SPRINGFIELD, Ill., Jan. 27.—Members of the Illinois legislature were looking back to Springfield tonight to be on hand for the meeting of both houses tomorrow following a ten days recess.

The lower branch will meet at 10 o'clock in the morning. The senate will convene at the same hour but will hold only a perfunctory session taking recess until 5 p. m.

Announcement of complete committee assignments is expected without further delay.

Republican house members will caucus tomorrow night to finish naming employees and to outline a general legislative policy.

FLYERS CROSS THE MEDITERRANEAN

Paris, Sunday, Jan. 26.—Lieut. Atoget, pilot, and Captain Cole, flew across the Mediterranean today from Marseilles to Algiers. The trip, which was made in a 30 horse power airplane, required five hours.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker
There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia), 30c and 60c jars; hospital size \$2.50.

ORGANIZE FOR HARD ROADS WORK

Lynnville Precinct Men Want Road Improvements — Junior Red Cross of Scott County Entertained.

Winchester, Jan. 27.—Mr. and Mrs. Franz Biernbrauer left Sunday morning for St. Louis, where they will visit relatives for a week.

Private Herbert Sheppard was greeted Sunday night at the Baptist church by one of the largest audiences ever assembled there. He entertained the congregation for more than an hour with his thrilling description of army life. Private Sheppard was badly wounded while in France and lost his right leg. He took part in one of the hardest fought battles of the war, and is able to tell in a graphic way of the terrible scenes on the battle field. Private Sheppard's home is west of Roodhouse. Dr. R. F. Dill and Miss Fairbank of Roodhouse were visitors here Monday.

A delegation of nearly 25 from Lynnville precinct came Monday morning in the interest of the hard road from Jacksonville via Lynnville to Winchester. At the meeting held here Monday they elected L. F. Coulas as president, H. E. McCullough, vice president, C. H. Gibbs, secretary; Scott Gordon, treasurer.

Claud Thomas was a business visitor in Hillview Monday morning. Lieut. H. H. Fletcher returned Saturday afternoon to Camp Logan, Texas, after ten days' furlough spent with his family here. He was called here by the illness of his brother, Scott Fletcher who is now somewhat improved. Mrs. Robert R. Woodall returned Monday from Jerseyville, where she spent the past three weeks with relatives. She has also spent some time in Manchester and Alsey.

Mr. and Mrs. Giles Tankersley entertained the members of the Junior Red Cross of the high school at their pleasant country home five miles east of Winchester Monday evening, in honor of their son James, it being his eighteenth birthday. Games and music were enjoyed during the evening and at a late hour refreshments were served.

BUYS HOME HERE

Real estate transfers show that Charles H. James, office deputy for County Treasurer Craft, has purchased from Dr. George E. Baxter the residence property at 814 West College avenue. Mr. James' family will come from Meredosia about Feb. 1st.

A. G. Burr of Chicago, a former resident, is making a brief visit in Jacksonville.

You Cannot
Have Style
Unless There
Is Quality

In shoes, as in everything else, it is impossible to build perfect styles from poor quality—it can't be done. There first must be quality or the styles that your heart was set upon, and that you bought with so much pleasure, will not stand up.

It is the policy of this store to sell quality footwear first, last and all the time, for the least money; and in doing so we don't have to bother much about the style—style follows quality as night follows day.

LEAGUE OF NATIONS WILL SOLVE PROBLEMS

Dr. Atkinson Tells Audience That Application of Justice Will Solve World's Problems Must Make Sacrifices to Gain World Balance.

The second number of the forum series at Congregational church Sunday night was a fine success, a good sized audience listening to an excellent lecture by Dr. Atkinson on "Victory and the New World Order."

The speaker complimented the enterprise of the forum saying it supplied a long felt want, something the people must have. There are important problems before the people and they must have attention. Of his lecture a short outline is offered.

We are living in a great and important time. Few persons eight months ago supposed the war would be over anywhere nearly as soon as it was. Why did the Germans fail at the battle of the Marne? Why did they not penetrate to the channel when but a mere fringe of an army restrained them? Why was it when fighting so strenuously they gave up almost as it were overnight? Why did the battlefields make a long journey to surrender instead of putting up even a weak resistance as did the Spanish at Santiago?

When Germany attacked Belgium in her brutal manner she at once abandoned all moral principles and restraints and failed for that very reason. The great world war has been lost by her and how that it is over what are we going to do? The world looks for reparation to the wronged nations. The devastation wrought can hardly be estimated. Something must be done to make a repetition of such an awful conflict impossible and that can only be accomplished by a league of nations. It is the only hope; without it all is in blank; nations will at once go to work training armies, building battleships and making ready for another conflict.

Must Put Lid on War Spirit. A league of nations would have two ideas; repression of war and making it hard for nations to go to war. The lid must be put on the warlike spirit and a strong moral force must be behind it so that all other nations would at once take measures to stop the aggressor. Many in the

United States are mixed in their ways of thinking. We have many pacifists but peace is not the greatest word in the language; it is justice and that a league of nations must guarantee. I hope the Kaiser will be punished and that Germany and Austria will be made to pay damages for what they have done but if a league of nations does injustice to Germany and Austria it will fail of its purpose.

The Kaiser didn't alone make war. He merely applied the torch to inflammable material. If for a long time some one scattered heaps of powder and explosives about all sorts of places in Jacksonville and then a person would throw a cigarette stump into one and blow up the city you wouldn't blame only the smoker; you would blame the one who had placed the explosives. The Balkans have ever been a source of strife and a league of nations must see to it that affairs in that region are settled right as far as possible. We cannot place a wall about a nation and forbid it to expand. Nations must have access to raw materials; all must be treated alike.

They must have transportation facilities and access to the seas. What would become of Morgan county or of Illinois if they were told they couldn't send any of their products and receive others in return? What if Kansas was shut off from the rest of the land? So we must not attempt to enclose any nation. So all nations must be treated alike and the causes of war removed.

Women Must Have Justice. In community life there are serious problems. A great host of men are without work. Women workers have never received justice. The wonder is that there have not been greater revolutions and uprisings of women. If our nation is to succeed woman must have her full need of justice. Wages are very high but we cannot return to former levels. There will be some reduction but not down to the pre-war level. In too many cases the rate of wages work training armies, building battleships and making ready for another conflict.

W. W. Bolsheviks and various other evil organizations. We fear their and their anarchistic doctrines but we cannot subdue them by repression but by justice. Wages and wage earners should have a voice in industries. I have been reading especially the old prophets and it would seem almost as if they were writing for the present time. We cannot divorce business from right relationships in the world. We need righteousness in the labor world.

Morality. Democracy.

Sacrifice Necessary. Too many have a feeling in at walks of life that they are to get much and give little. All have their rights but these rights stop where the rights of others come in. We must have laws governing all nations. As it is now our nation has the right to make peace or war without asking the consent of any other. That is not as it should be. All nations should have a compact and none should alone have the right to make war. Some say this is Utopian. We can have it if we are willing to make some sacrifice. We should be willing to make all sacrifices for the common good.

Question. What would hold the league of nations together and enforce its decrees? There should be a general parliament and an international constabulary with power to enforce the decree of the law making body.

How may we make affairs right internally? We should preach a crusade constantly against wrong and injustice and provide centers of instruction. We need knowledge through churches; a gospel of righteousness. And then some appeal to selfishness also for in the end the greatest good will be accomplished by this means.

What is to be the fate of Russia? I trust Russia will eventually come out right. The league country by Geo. H. Mayr, for should try to compose affairs many years a leading Chicago here somehow the I am doubtful chemist, under the name of Mayr, regarding the good to be accomplished by intervention. We have a neighbor on the south in moves the catarrhal mucus from about as bad a condition as Russia.

How shall we establish women in the work of men or in men's places? I would not establish women in men's places but I would give women equal pay for equal work. The great problem now is to get the idle men at work. Our country has no settled policy in this respect. If we but can hold things down till the first of May we may then hope affairs will be getting settled. I hope good will eventually come out of the agitation.

THE ROADS WORKED. A short time since the Journal printed a complaint regarding the highway just south of Jacksonville and the proper authorities took notice and at once dragged the place making it much more passable. Another gentleman, the Morton road between the end of the hard road near Oak Lawn.

CHESTER GARDNER AT HOME. Chester Gardner of Waverly was in the city yesterday having recently returned home with his honorable discharge. He entered the service of his country March 6th in the aviation department. Third construction company and spent the greater part of his time in England. He is looking well and speaks highly of the service.

ASHLAND RESIDENT CALLED BY DEATH

Final Summons Came Monday for Mrs. Walter Rearick—Funeral Arrangements Not Completed.

Mrs. Walter Rearick of Ashland died at 12:15 p. m. at her home in Ashland yesterday. Her malady was pneumonia and until a few days since it was hoped that she would recover.

Her maiden name was Helen Housekeeper and she was born in Beardstown about 56 years ago. She was the daughter of Cheney and Emma DeHaven Housekeeper and grew to a beautiful womanhood in the metropolis of Cass county receiving many superior advantages at the hands of her fond parents. She was married to Walter Rearick and later they moved to Ashland where her husband has for years been a prominent figure in the bank of Skiles, Rearick & Co. She was a prominent worker in all good causes and never happier than when serving her Lord and Master. She was a devoted member of the Congregational church in Beardstown and there being no church of her choice in her new home she and her husband aided themselves with the Methodist church and were just as active in that denomination as they had been in the other. Mr. Rearick is a noted Sunday school worker and prominent in all good and useful enterprises.

She is survived by her husband, three daughter, Miss Clarice, a teacher in Chicago; Miss Helen at home and Mrs. Frank Lohman; also two grandchildren. Miss Kate DeHaven of this city is her cousin. One sister, Miss Mary Housekeeper made her home with the Rearick family.

IN MEMORIAM OF LEONARD DAY

At an informal meeting of the session of the Northminster Presbyterian church Sunday, Jan. 26, the pastor was requested to draft appropriate resolutions expressing the sympathy of all the members of the session with Ruling Elder Emanuel Day and family in the irreparable loss of their son and brother in the person of Leonard Day who passed to his reward Jan. 23, 1919.

The session desires to also express its sincere and deep sorrow in the loss of Brother Leonard Day from the rank of our common brotherhood. That in his death the church has lost one of its most honorable and faithful young men, whose exemplary life and character will forever remain bright and cheerful in the memory of the hearts of those who loved him most.

The church, the home and the community are poorer today by reason of the early going home of this noble, self-sacrificing young man, whose daily walk and conversation honored the Lord, strengthened the church, and encouraged youth to nobler deeds. "Sometime, Somewhere We'll Understand" why it was needful that he should be called so early. Till then, farewell, farewell, faithful servant of the Lord.

Resolved that a copy of these resolutions be furnished the public press and a copy be forwarded to the family whom we devoutly commend to our Heavenly Father and His tender mercies for the healing of the bitter sorrow thru which they are called to pass.

Furthermore, in view of the loss of so many members of the church within the past few months by death, which removals seriously threaten the activities of the church,

Resolved, therefore, that the entire membership of the church should humble themselves under the mighty hand of God and give themselves daily to earnest prayer and faithful attendance upon the public means of grace in the sanctuary, pleading with our Heavenly Father to revive His work in our midst and replenish the broken ranks of our Zion.

FRANK BONANSINGA HOME.

"Heark anything from the boy lately?" asked a Journal reporter as he stepped into the fruit store of Peter Bonansinga yesterday.

"Yes; would you like to talk to him?" And turning the man of the pencil had the pleasure of looking at the trim young cadet showing fine in his uniform and with the erect bearing of one who had been a student at the great military school and historic place on the

Hudson. Frank has been away some eight months and is fortunate in being able to enjoy a thirty days furlough. He is looking very well and is pleased with the fare, treatment and all that pertains to the school. His hours are long; rise at six and retire at ten and little time spent in anything but work. Drill and study are the daily bill of fare and each student is expected to make good. It is there the officers for the army are trained and the importance of first class men and preparation can easily be seen. It was there that Gens. Grant, Sherman, Sheridan and many other great heroes received their training and their subsequent career reflected credit on the school.

Miss Ethel Shortridge, bookkeeper and cashier at the clothing house of Doren and Breeden spent Sunday with the family of Charles W. Bailey of Ashland.

WILL MEET TODAY The Congregational Red Cross Unit will hold on all day meeting today as usual in the lecture room of the church. All who can come are urged to do so, as it is important that the dresses for the French orphans be finished as soon as possible.

Mrs. Celia Roney of Joy Prairie is home again after an extended visit with her daughter Mrs. Richard Foster of Lockhardt, Minn.

GEORGE OSBORNE RETURNS TO WEST.

George Osborne, who has been in the city since the first of last November, left yesterday for Tacoma, Wash., where he will make his home. Mr. Osborne has been a resident of the west for some years, where he was in the employ of the Northern Pacific railroad company, but returned to Jackson, Mo., to care for his parents. Following the death of the latter, he came to this city for a visit with his brothers, J. T. D. and C. A. Osborne. He has two sisters and a brother residing in the western city which will be his home.

NEW SPRING BLOUSES ON SALE AT HERMAN'S.

BACK HOME AGAIN. Mr. and Mrs. W. A. Bancroft received a message yesterday from their son, Mr. George Bancroft, announcing his return to New York City. Sergeant Bancroft entered the service and was stationed at Camp Sherman. He was in an officers' training camp and was taken from there and sent overseas with his command, the 83rd Division Infantry. He probably will be mustered out of service at Camp Sherman, Chillicothe, Mo.

IN MEMORY OF HAZEL LOUISE NOUDET

I saw a bud so sweet and fair As from the earth it came It was tended with the greatest care, And Hazel Noudett was her name. With all the tender care and love Bestowed on that dear one She was too dear for earth to have So Jesus took her home. She promised fair for a lovely flower, But alas the summer came And plucked the bud so sweet and fair But we have her just the same. She budded here to bloom in Heaven Where flowers never fade nor die. To us she was a short time given But now she dwells on high. We loved her with such tender love No tongue on earth can tell. But He who cares for the lamb and dove, Both love her just as well. Those little hands are beckoning come, To parents and loved ones dear. She has only entered a happier home. And is waiting for us there. By her aunt, Mrs. August Olson, Genoa, Neb.

HERE FROM CANADA.

John Foster an extensive land owner in Canada arrived a few days ago for a visit with his sister Mrs. Ed Pierson east of the city and other relatives. He was accompanied by his mother Mrs. George Foster of Glandville. It has been six years since Mr. Foster saw his sister and naturally the reunion is a most pleasant one.

FACTS GIVEN ABOUT YOUNG SANER'S DEATH

Lieut. Putnam Writes Facts About Going of Soldier Overseas—Injured By Flying Shrapnel and Recovered Only to Succumb to Disease.

Mr. and Mrs. William Saner have recently received the complete facts about the death of their son, Clarence Saner, in a hospital in France. The previous news of the young soldier's death gave only meager facts about his going. The letter sent by Lieut. Sherman W. Putnam, tells how the soldier was wounded by a stray shrapnel and as a result spent some time in a hospital. However, he recovered from this injury, only to be taken down some time later with the Spanish influenza, from which he died. Lieut. Putnam indicates his sincere friendship for the deceased soldier and appreciation of the young man's work.

A. P. O. No. 779 Dec. 26th. 1918. Mr. and Mrs. Wm. Saner, 702 East State street, Jacksonville, Ill. My Dear Friends:

I am in receipt of a letter from Miss Carroll of your city requesting any information regarding the death of your son. This letter was forwarded to me by Mr. Fitzpatrick. I regret that you did not receive the letter which I sent to you the day after the funeral, but as you apparently did not receive it I will endeavor to give you as much information as possible. Clarence was with me during his stay at this camp. He reported for duty and was assigned to my office and being inexperienced I placed him on regular routine clerical work. His interest and ambition attracted my attention and in a short time I placed him in charge of one of my branches. He proved to be a very hard working lad and for that reason I recommended him for a higher grade which I am sorry to say did not come thru before his death.

Though I am an officer I try to be a true friend to each and every one of my boys. I believe that especially was it true with your son; many night we would sit up in the office until dawn—just visiting and in that way I came to know him very very well. I liked the boy very much and especially because he was always around when work was to be done. It has always been my policy to let the boys have sufficient time during the week to attend any religious service which they cared to. Though I am not a Catholic in belief, I teach my boys, no matter what they are to be that and not neglect the teachings that they learned at their mother's knee. I know that Clarence never neglected his religious duties and was always mindful of his parents.

Three weeks before his death he was struck by a stray shrapnel which penetrated his abdomen and leaving thru his back also a small piece struck him in the hand. It was only by his iron will that he pulled thru. I used to visit him often as he was in a hospital about three miles from my office. He was always very cheerful. I arranged for a priest from a town below here to take care of his religious desires. He recovered from this and came back to the office. He was anxious to get to work but for fear that he would over-do I would only let him put in half time. It was at this time that the Spanish flu was raging thru the army overseas and it caught him as it did several of my boys. At his request I took charge of his personal effects but as it is against rules to send them myself I had to send them thru the "effects" department. I took charge of all the arrangements for the funeral and commanded the detachment at the funeral. It was impossible for me to arrange for a priest or K. of C. secretary to administer the last rites but he was given a military funeral with a Y. M. C. A. secretary presiding.

There is nothing more that I can say except that he gave his life to his country in an honorable way and as we say in the army, "it occurred in line of duty." He was an honorable lad and he left many friends here. I shall be coming back to the states shortly and if it would be any satisfaction to you for me to call on you I would be more than glad to do it. With deepest sympathies to you for the one you love I wish to remain, Sincerely, Sherman W. Putnam, 1st Lt. Q. M. C., U. S. A.

Mr. Towle spoke on the Wesleyan Foundation and Dr. Barker on the Woman's College. Dr. Fletcher has arranged service programs for each Sunday in February and they will have a great bearing on the immense undertaking the church as in hand. They will be Feb. 2.—Stewardship of Prayer. Feb. 9.—Sermons and addresses on Stewardship in every kind of service. The effort will be to induce young people to devote themselves to all kinds of service in the Kingdom of the Redeemer. Feb. 16.—Minute Men will peak each endeavoring to go somewhere from home and several desired in each church. Feb. 23.—Stewardship of Property. This date it is the desire to have a number of speakers discuss the stewardship of the goods Providence has given us and the duty of devoting the all to Christ. Great good is expected to come from these various meetings.

ATTENTION, ODD FELLOWS Annual roll call of Illini Lodge No. 4, I. O. O. F., in the temple this evening at 8 o'clock. All members urged to be present.

CAMOUFLAGE SOCIAL. Gay days, play days, always gay days, Childhood's a bubble; manhood is trouble. Give us back play days, gay days, and rhyme. Ah, give them back to us, old Father Time. Father time has granted this request and promises you plenty of god romping and fun at the local at 7:30 tonight at the Central Christian church. Come and see what Father Time has in store for you and, to help him along it is good work, come camouflage if you can. Our soldiers and our young people of the colleges are specially invited to join in the fun.

TWO OLD FRIENDS MEET. A pleasant meeting took place yesterday in the resting place of tapp's harness shop between Thomas Rapp and his long time friend, Rev. W. S. Phillips of Carlville. Together, as of old they sang and all in the shop were delighted with the music of these two fine singers. The visit brought to mind of the writer the days gone by, not so very long ago it seems, when the presentation of the "Lady of Lyons" captivated the people so thoroughly. Later came the triumph of "Pinafore" and after that the grander triumph in the "Bohemian Girl" when there was so much pleasure in the rehearsals and general getting ready.

Then came the separation and departure for other fields of work of many who participated in those innocent pastimes and the same talent which so enabled the possessor to win his audiences has since been brought to bear on the great work in the life of the popular preacher. Wherever he has gone he has done good work and left behind enduring friendships. Fine reports of his present work come to his friends here and they rejoice in his fine success and usefulness.

PUBLIC SALE I will sell on Jan. 29th, at the sale of Mrs. W. E. Groves: 1 team work mules, 1 draft horse, some farming tools and work harness. C. A. ROWE.

MISS COALE IS AGAIN IN CITY. Miss Martha Coale, local public health nurse, is again in the city after a three weeks' vacation visit at her home in Baltimore, Md. Miss Coale found the health conditions in the east quite similar to those here, the influenza epidemic showing a gradual decline.

HERBERT COLTON GOES TO WASHINGTON. William Colton of Woodson has received a letter from his son Herbert Colton, who has for several years taught school in North Dakota, stating that the latter is soon to enter the government service in Washington. The young man has but recently received his honorable discharge from the army service at Camp Lewis, Wash. Chester Colton, another son of Mr. Colton, is with the American forces in France and the time of his return to this country is uncertain.

Why wait until spring to have that Ford overhauled because when the birds begin you'll want to use it and it will not be ready. Have it done now. Remember only 60c per hour. Muehlhauser & Gruber, Ill. phone 1049 236 N. Main, across from Cherry's Livery.

FUNERAL NOTICE The funeral of Mrs. Mollie Marie Dwyer will be held from the residence, 204 Franklin street this afternoon at 3 o'clock. The service had been announced for Monday afternoon but was postponed because word was received that her brother was coming from an army cantonment in the east to attend the funeral. Burial will be made in Jacksonville cemetery.

CARD OF THANKS We wish to thank our neighbors and friends for their many kindnesses during the sickness and after the death of our husband and father. Also for the many beautiful flowers. Mrs. James Cobb, Frank E. Cobb, Miss Lee Cobb.
